GILOY BENEFITS

NATURE'S ULTIMATE
HEALING HERB REVEALED!

Giloy (*Tinospora cordifolia*) is a potent Ayurvedic herb widely used for boosting immunity, managing chronic fevers, and reducing inflammation. Known for its antioxidant, antimicrobial, and anti-inflammatory properties, it helps detoxify the liver, regulate blood sugar levels, improve digestion, and alleviate stress and arthritis pain.

Here are the key health benefits of Giloy:

Immunity Boosting:

Known as an immunomodulator, it strengthens the immune system to fight infections.

Reduces Fever:

Effective in treating chronic fevers (such as malaria or dengue) and viral infections.

Manages Diabetes:

Its hypoglycemic properties help control blood sugar levels by improving insulin sensitivity.

Improves Digestion:

Treats issues like acidity, diarrhea, colitis, and improves gut health.

Alleviates Arthritis:

Its anti-inflammatory properties reduce joint pain and arthritis symptoms.

Reduces Stress & Anxiety:

Acts as an adaptogen, reducing mental stress and promoting cognitive function.

Skin & Hair Health:

Contains anti-aging properties that enhance skin health and can help reduce dandruff.

Note:

While beneficial, it is recommended to consult a doctor before using it, especially during pregnancy or while breast feeding.

500mg

Neem Chaal (Neem Bark) is a powerhouse in Ayurveda, often referred to as "Sarva Roga Nivarini" (the curer of all ailments). It is particularly valued for its antiseptic, anti-inflammatory, and astringent properties.

Key Health Benefits

•Skin Health & Healing:

Neem bark is widely used to treat skin conditions like **acne**, **eczema**, and **psoriasis**. Applying a paste of the bark can help heal wounds and soothe skin irritation.

•Blood Purification:

It acts as a natural detoxifier, flushing out toxins and purifying the blood, which contributes to a clearer complexion.

•Oral Hygiene:

Traditionally, neem bark or twigs are used as a "natural toothbrush" to prevent plaque, treat swollen gums, and maintain overall dental hygiene.

•Immune System Support:

Rich in antioxidants, it strengthens the body's natural defences and helps fight off viral and bacterial infections.

•Digestive Wellness:

It is known to help manage stomach ulcers and intestinal worms, while also supporting healthy liver function.

•Fever & Inflammation:

The bark has cooling properties and is used in traditional medicine to reduce fever (including malaria-related fever) and inflammation.

Tulsi in traditional Indian medicine system is considered as a tonic which retains youth and avoids ageing. The Hindi name for Holy Basil is Tulsi which means the incomparable one as there has been no herb which offers enormous healthy benefits as Tulsi. Tulsi is known as the Queen of Herbs and is rich in phyto-nutrients. Tulsi contains minerals like Vitamin A, Beta carotene, potassium, iron, copper, manganese and magnesium. It is a stress buster and a mood elevator. Helps in the management of tension and anxiety. Tulsi leaves also acts as a tonic for heart. Tulsi is undoubtedly one of the best medicinal herb. Tulsi has endless miraculous and medicinal values and have been worshiped and highly valued in India for thousands of years. Even by going close to a Tulsi plant it can protect you from many infections. Tulsi is a sacred plant as per Hindu belief and is regarded as the holiest of all plants. Tulsi prevents from all diseases. Tulsi has world's best anti-oxidant, anti-bacterial, anti-biotic, anti-inflammatory, anti-viral, anti-allergic, anti-disease properties. Intake of Tulsi helps to fight more than 200 diseases like flu, swine flu, dengue, fever, cough, cold, joint pain, blood pressure, excess weight, sugar, allergy, hepatitis, urine disorders, gout, piles.
